Reliability. Affordability.

Investing in event equipment for an annual event can be a costly endeavor. In addition to purchases, there must also be personnel dedicated to assembling and potentially servicing the equipment. DC Rentals provides a solution to this dilemma by providing the best products in the industry, as well as an experienced crew to manage. We also provide on all of our radios a toll-free number in case you need to reach us during your event.

Our Promise To You

When you work with us, we make you our only priority. So everything that's important to you becomes important to us. Everything you need to make your event a success becomes our mission to provide.
